“ *I attended Winona State and was privileged to have gotten to know Ernie as we had to take a lot of the same classes. I also liked to watch the wrestling meets and he was a darn good athlete and a better person. We ran into each other years later when he came to my work place (Mayo Clinic) and we shared a brief visit, laughed and wished each other well. Never saw him again- bless his soul.*

I remember the nice talks we had about our childhood and I think we tried to best each other about how cold we got in the winter time. He did have a rough time growing up and I really enjoyed talking to him. He never really complained about how much he must of been hurting. He could be so funny too and he was so good to the clients and they just wanted to please him. All he had to do was walk into the room and they were happy to see him. He will be missed by everyone who knew him. He is in a better place and will be with friends and family that have gone on before. Prayers and Blessings to his friends and family still here, Nikki Holmes
