“ I've known Kevin since he moved across the street from me in Fridley. He loved going home and brought me apples from the farm. We watched out for each other and he also shared his leaves in the fall for me to use as mulch. We went to the same church - St. Williams in Fridley. When I had hip surgery he offered to clean my driveway for me. Keven will be missed as a friend and neighbor.

“My condolences, thoughts, and prayers to Kevin's family and friends. He was truly a great person with a good sense of humor. I worked with him mainly while he was in the Winona area. I also talked to him once in a while when project challenges needed his experience. He was always there to help if he could, or provide other resources if needed. He will be missed by all in his circle. The suddenness of his loss adds to the heartbreak.

“ I send my condolences to all who feel the loss of Kevin. Kevin and I were on Kuemper High School's football team my junior year (his sophomore year), and we were both undersized offensive lineman. When he and I were not involved in running drills and getting run over by the varsity starters we hoped to someday become, we traded a lot of stupid elephant jokes and what people now call "dad jokes." Kevin made me laugh a lot, and my hope is that he brightened other people's days with his sense of humor too. Thanks for the laughter, Kevin.

“ My sympathies to the Heithoff family. I have known Kevin for the past 15 years working in the same St. Paul Benchmark offices for the past 15 years. During the COVID years we were often the only 2 people in the office so we got to know each other very well. He was always ready to help out (my main consultant on tricky microsoft excel questions) and fun to talk with. He will be missed by all who knew him.
