“ Bill and I were in the aerospace engineering department at Iowa State University. I have known him since 1995 and that is a long time. We were friends and had many common interests ranging from aviation, aerospace engineering to movies. He was a very good engineer and a quick learner! Some years back he moved to Cambridge and I was in Brussels. Last time we met we were at the Berlin Airshow!

We always kept in touch. Its a big loss. I find it hard to believe that he has passed. He was a great friend and I will miss him. My prayers are with the family at such a difficult time.
