“My name is James and the Jinks have always had a special place in the heart of my Corinth, Maine family--so much so that my Mother's Aunt Olive had long considered William's brother Lee her "step son". On behalf of my family in Maine, I send our deepest sympathies for your loss.

I would be delighted to correspond with you further and tell you more of the family history together in Corinth: jamesrwilson@charter.net

“What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch, we may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget.
